

# Mathemagics

with

**Dr. Arthur Benjamin**  
**Mathematician & Magician**

**March 23, 2015, 7:30pm**

**Physics Building 203, University of Virginia**

In his entertaining and fast-paced performance, Dr. Benjamin shows how to:

- mentally add and multiply faster than a calculator
  - improve your memory for numbers
  - figure the day of the week for any day in history
- ...and more!

**[www.math.virginia.edu/magic](http://www.math.virginia.edu/magic)**

**Admission is free.**

This talk is intended  
for a general audience.
